Plum Creek Medical Group Adds Certified Physician Assistant

(Lexington, Neb.; May 7, 2014) — [Plum Creek Medical Group](#), a family medicine health care provider serving Lexington and the surrounding area, adds Melissa Hall, PA-C, to its staff.

Hall is the second full-time certified physician assistant to join the organization. Her experience includes working with physicians to diagnose and treat orthopedic patients in an outpatient clinical setting, assisting during surgery and diagnosing and treating patients in an urgent care environment.

Prior to joining Plum Creek Medical Group, Hall served as a certified physician assistant for NebOrtho in Omaha and Council Bluffs, Iowa, and for Park Plaza Urgent Care in Omaha.

“Melissa brings a wealth of orthopedic and family medicine experience to our team,” said Jim Naeve, CEO/administrator, Plum Creek Medical Group. “Adding her to our pool of talented physicians, certified physician assistants and specialists further supports our mission to provide the highest quality care available in Lexington.”

As part of the Plum Creek Medical Group team, Hall will help provide patients with preventative care and disease management, as well as aid in the diagnosis and treatment of illness and injury. She is currently located in the Lexington clinic and is available for appointments by calling 308-324-6386.
